APA Login Mod

You can download the mod here

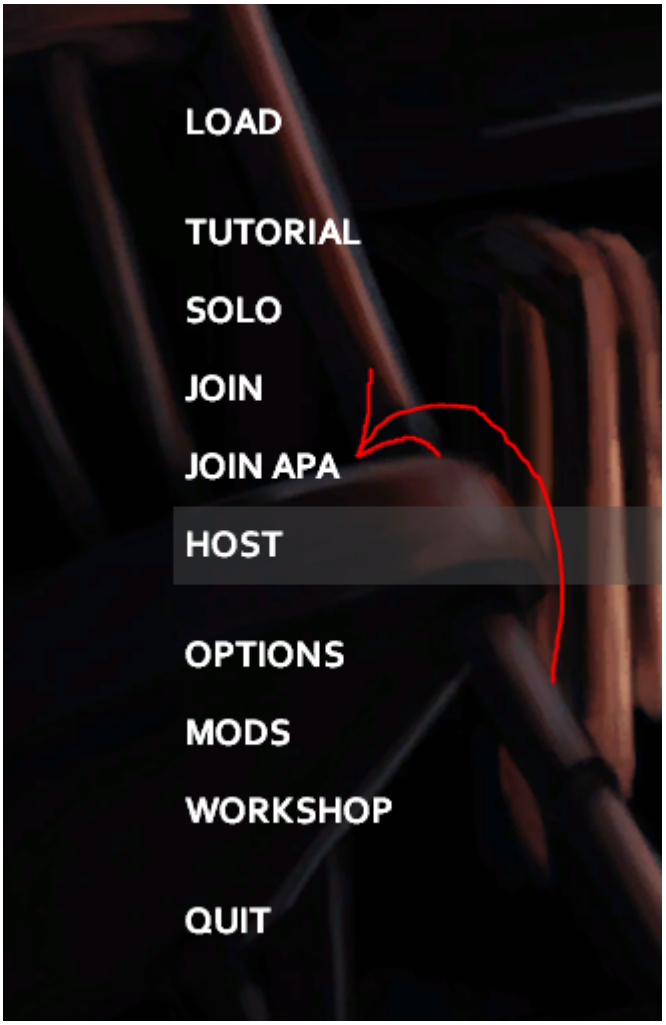

First open the game and then click mods on the main menu!

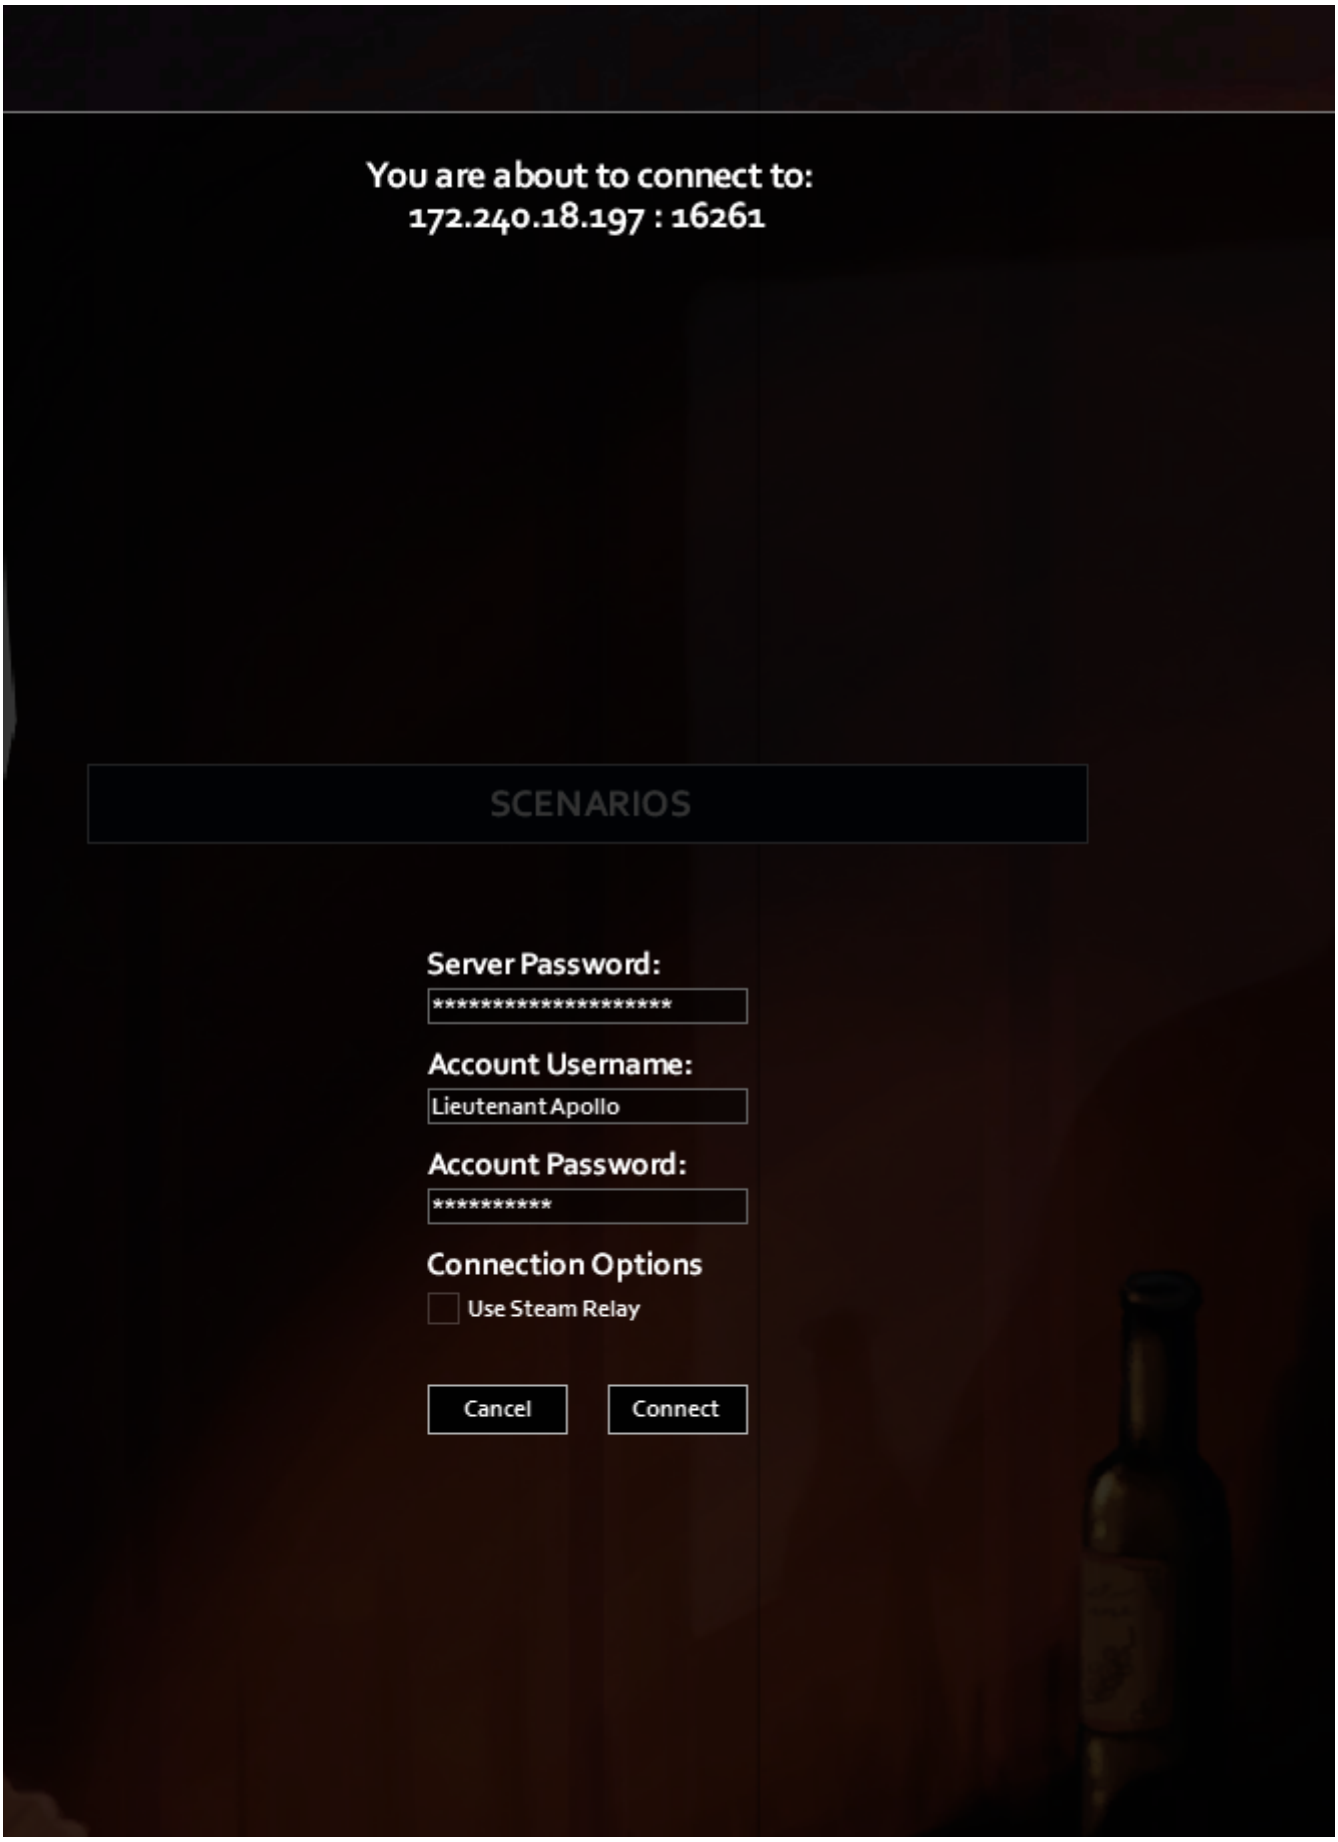

Click ok on the pop up and then scroll down till you find APA Login then click Enable.

Once enabled, click back, the game will load, and then you should see the new option to Join APA!

Once you click Join APA you'll be presented with a login screen, don't touch the Server Password.

Enter the username you whitelisted with and then create any password you want, we ***DO NOT*** track this password.
