

Travel and the Bus System

So, you want to get to Sanctuary, or cross the map, and you don't have a vehicle and/or don't want to spend an eternity driving? Then have we got the solution for you! **Introducing: KSSA Transit** Now, you can take a bus (read: instantly teleport) from and to any of the bus stops around the map. You can easily get the bus by going to any of the stations and finding a KSSA Transit receiver, see image. Walk up to it, right-click and choose "APA Transit" to see your destinations. Currently, all destinations lead to Sanctuary, and from Sanctuary you can then travel back out to any of the stations. Travel costs 1 bus token. Tokens are given in the starter kit or can be bought at the KSSA ATM in Sanctuary. You can travel from Sanctuary to...

- Muldraugh
- West Point
- St. Bernard
- Riverside
- Rosewood
- Louisville
- Lake Cumberland
- Erie East
- Monmouth
- Trimble Camp
- Pineville

All travel to and from Sanctuary costs 1 bus token *These are the prices currently and are subject to change, inflation, and periodic zombie strikes.* **Important Note** When attempting to travel via the bus system, you won't be able to leave if there are zombies nearby to you. The KSSA Transit machine will warn you about how many zombies are too close and need clearing out. There is no such check for the destination! You may be dropped into a warm and bitey embrace.
