Message 4

Attention. Attention. This is the emergency broadcast system. This is a report from the Emergency National Command post in Washington. The president and his key civilian and military aids have been safely evacuated to the emergency seat of government. This evening at 2:35pm the virus has wrecked untold devastation on the civilian population and any survivors are encouraged to use any means necessary to stay alive. The president, whom I repeat is alive and well, will address the nation as soon as his command duties permit. This is the end of the priority 1 report. Local emergency broadcasting stations may resume priority 2 broadcasting.
